

Premade Bags

High-Performance Options to Protect Your Sterilized Products

Bemis Healthcare Packaging, one of the most trusted packaging suppliers to the healthcare industry, has a bag solution for your medical device, pharmaceutical, or diagnostic product. Whether you need a linear tear bag or a multi-layer nylon “bullet-proof” Breather Bag® header bag, we have your solution.

Quality

Bemis Healthcare Packaging's extensive product offering and global manufacturing facilities manage risk and assure reliable supply for your medical and pharmaceutical packaging.

All Bemis Healthcare Packaging facilities have been certified to ISO 13485:2003 and operate in compliance under FDA cGMP standards. ISO 13485 specifies requirements for quality management systems in which organizations demonstrate the ability to provide medical devices and related services that consistently meet both customer and regulatory requirements.
